Supplement

The following communication, dated and received on 17 March 2026, is being circulated at the request of the delegation of Indonesia.

The Government of Indonesia hereby notifies the WTO Committee on Safeguards of a modification to the HS codes of the products subject to investigation and updated investigation period.

Based on recent development in the ongoing investigation, imported goods previously classified under HS Code ex 6306.12.00 were determined not to constitute like products, nor to be directly competitive with the products manufactured by the Applicant. However, the investigation identified imported goods that are considered like or directly competitive with the Applicant's products is under HS Code ex 3921.90.70. Accordingly, the HS classification of the product under investigation has been modified from HS Code ex 6306.12.00 to HS Code ex 3921.90.70. Meanwhile, the products under investigation classified under HS Codes ex 3921.90.90 and ex 3926.90.99 remain unchanged.

For further information, the period of investigation has also been updated from the period of 2021 – 2023 to the period of 2021 – 2024.

In accordance with Article 3.1 of the WTO Agreement on Safeguards, the Investigating Authority provides opportunities for those Members who have a substantial interest to present their evidence and views regarding the addition of these HS numbers. The contact information of the Investigating Authority for correspondence is:
